Alone, you can do good.
Together, we can do better.

When you join forces with United Way, you don't simply change lives. You change our community. Your money stays here helping people you know. By contributing to United Way, you invest in local programs and services impacting citizens in Linn County.

Your support—be it in the form of money, time, or expertise—will produce real and meaningful change in the lives of thousands of men, women, and children. People who are affected by or are at risk for issues like child abuse, hunger, domestic violence, substance abuse, crime, mental and physical illness, homelessness, delinquency, teen pregnancy, and the challenges of aging and disability. And, as more and more lives are changed, your support will make a measurable impact on our community.

Investing in United Way.
what matters.™

Right here, right now:

United Way dollars help support the meal program at Boys and Girls Clubs, giving kids in the Albany, Lebanon, and Sweet Home school districts the opportunity to eat a hot dinner after school.

United Way investment and network connections provided means to save the food bank at Sharing Hands in Brownsville.

With United Way's help, the Community After-School Program was able to purchase a modular building for their program at Lafayette Elementary School. Pre-school and elementary children in this neighborhood now have access to care before and after school.

Emergency funding from United Way helped keep the doors of Fish's Guest House open. At any given time, the Guest House provides care and support for 6-9 pregnant and mothering teens.
